Sewing instructions

This pattern assumes you already know how to paper piece. If not, PLEASE go search. There are loads of tutorials out there.

Cut the H1 and H2 pieces first. We advise making it a tad larger than the required 5.5 x 12.5 size. It's always good to cut it down later.

Now, the instructions. Sew A-B, C-D-E, F-G Then AB-CDE-FG. Then add H.

I used white fabric to look like shrimp boots. (I AM from Louisiana, you know!) But then I covered them with the canoe. If you are using the canoe, feel free to cut the F and H from a single piece of fabric, as the canoe will cover the feet. The fishing line is embroidered, and the fish eye is a small button.

And as always, if you have any questions, PLEASE shoot an email to squeegetac@aol.com Thanks again for sewing with Stitches and Kisses!

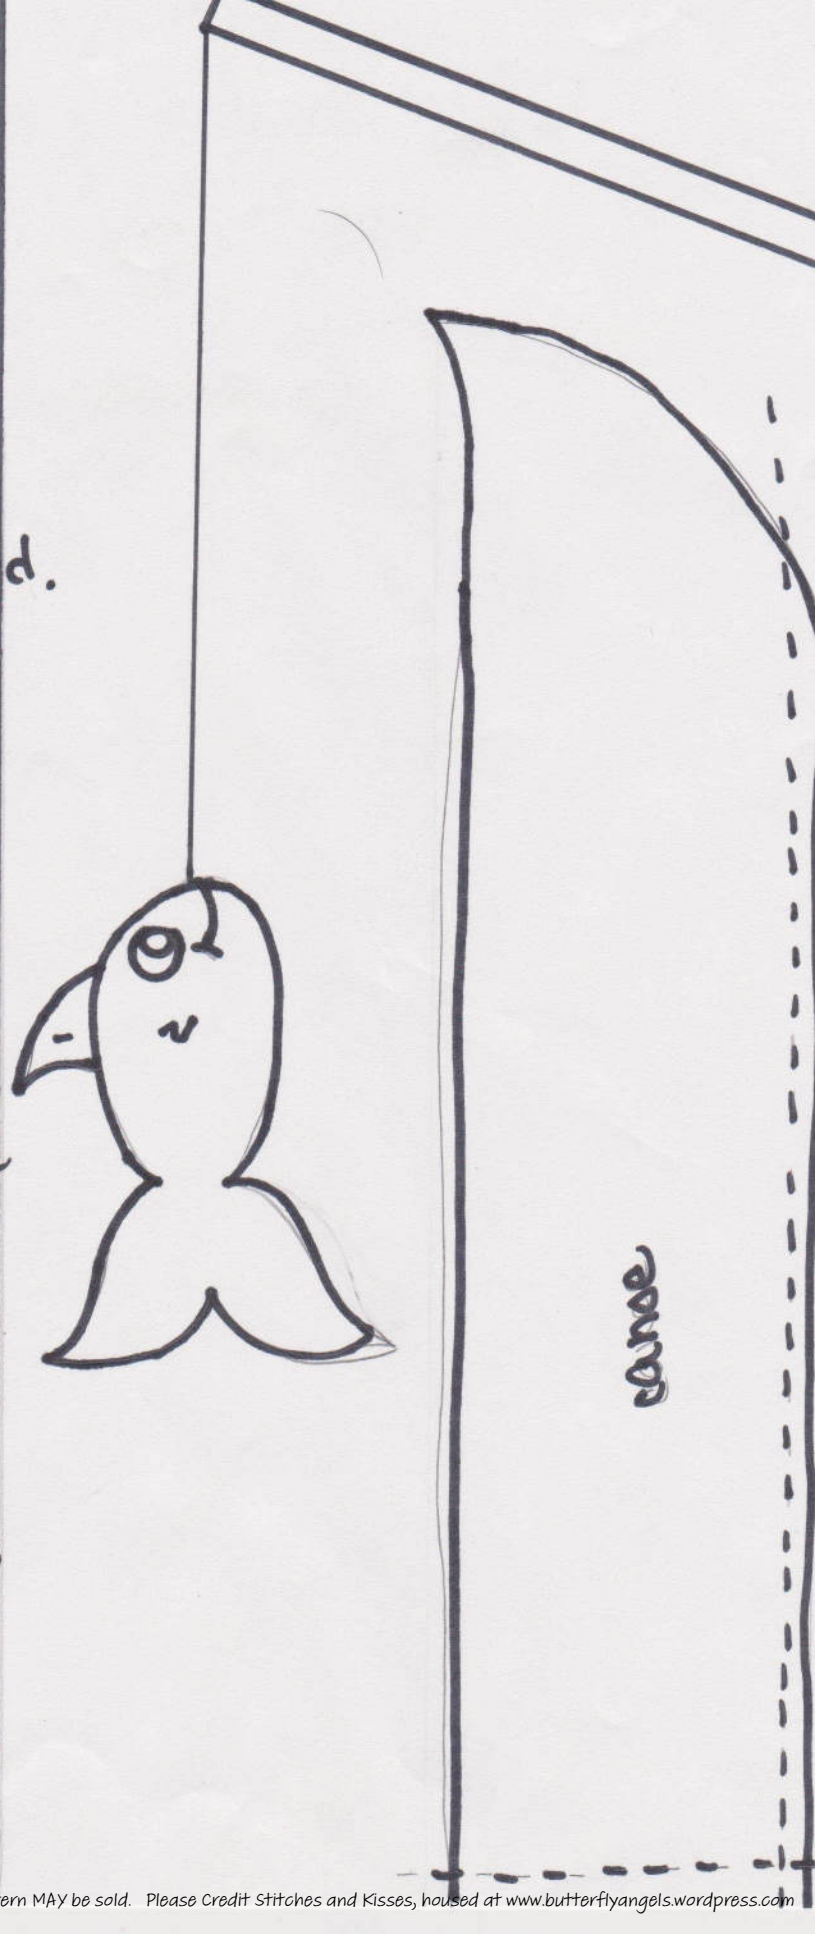

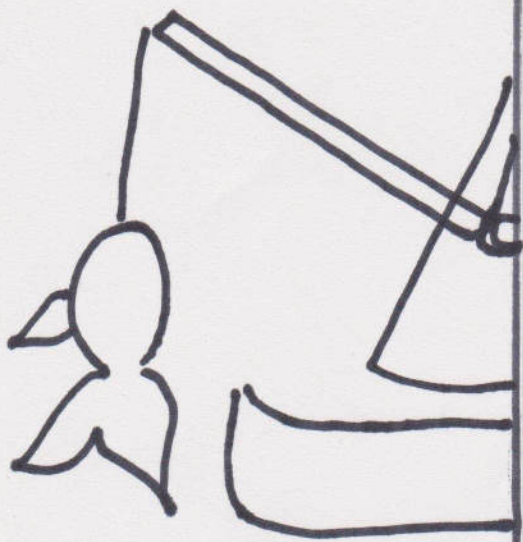

is a little different.
Instead of 2 versions,
the boat or fish
is optional.

Dotted lines indicate
seam allowances.

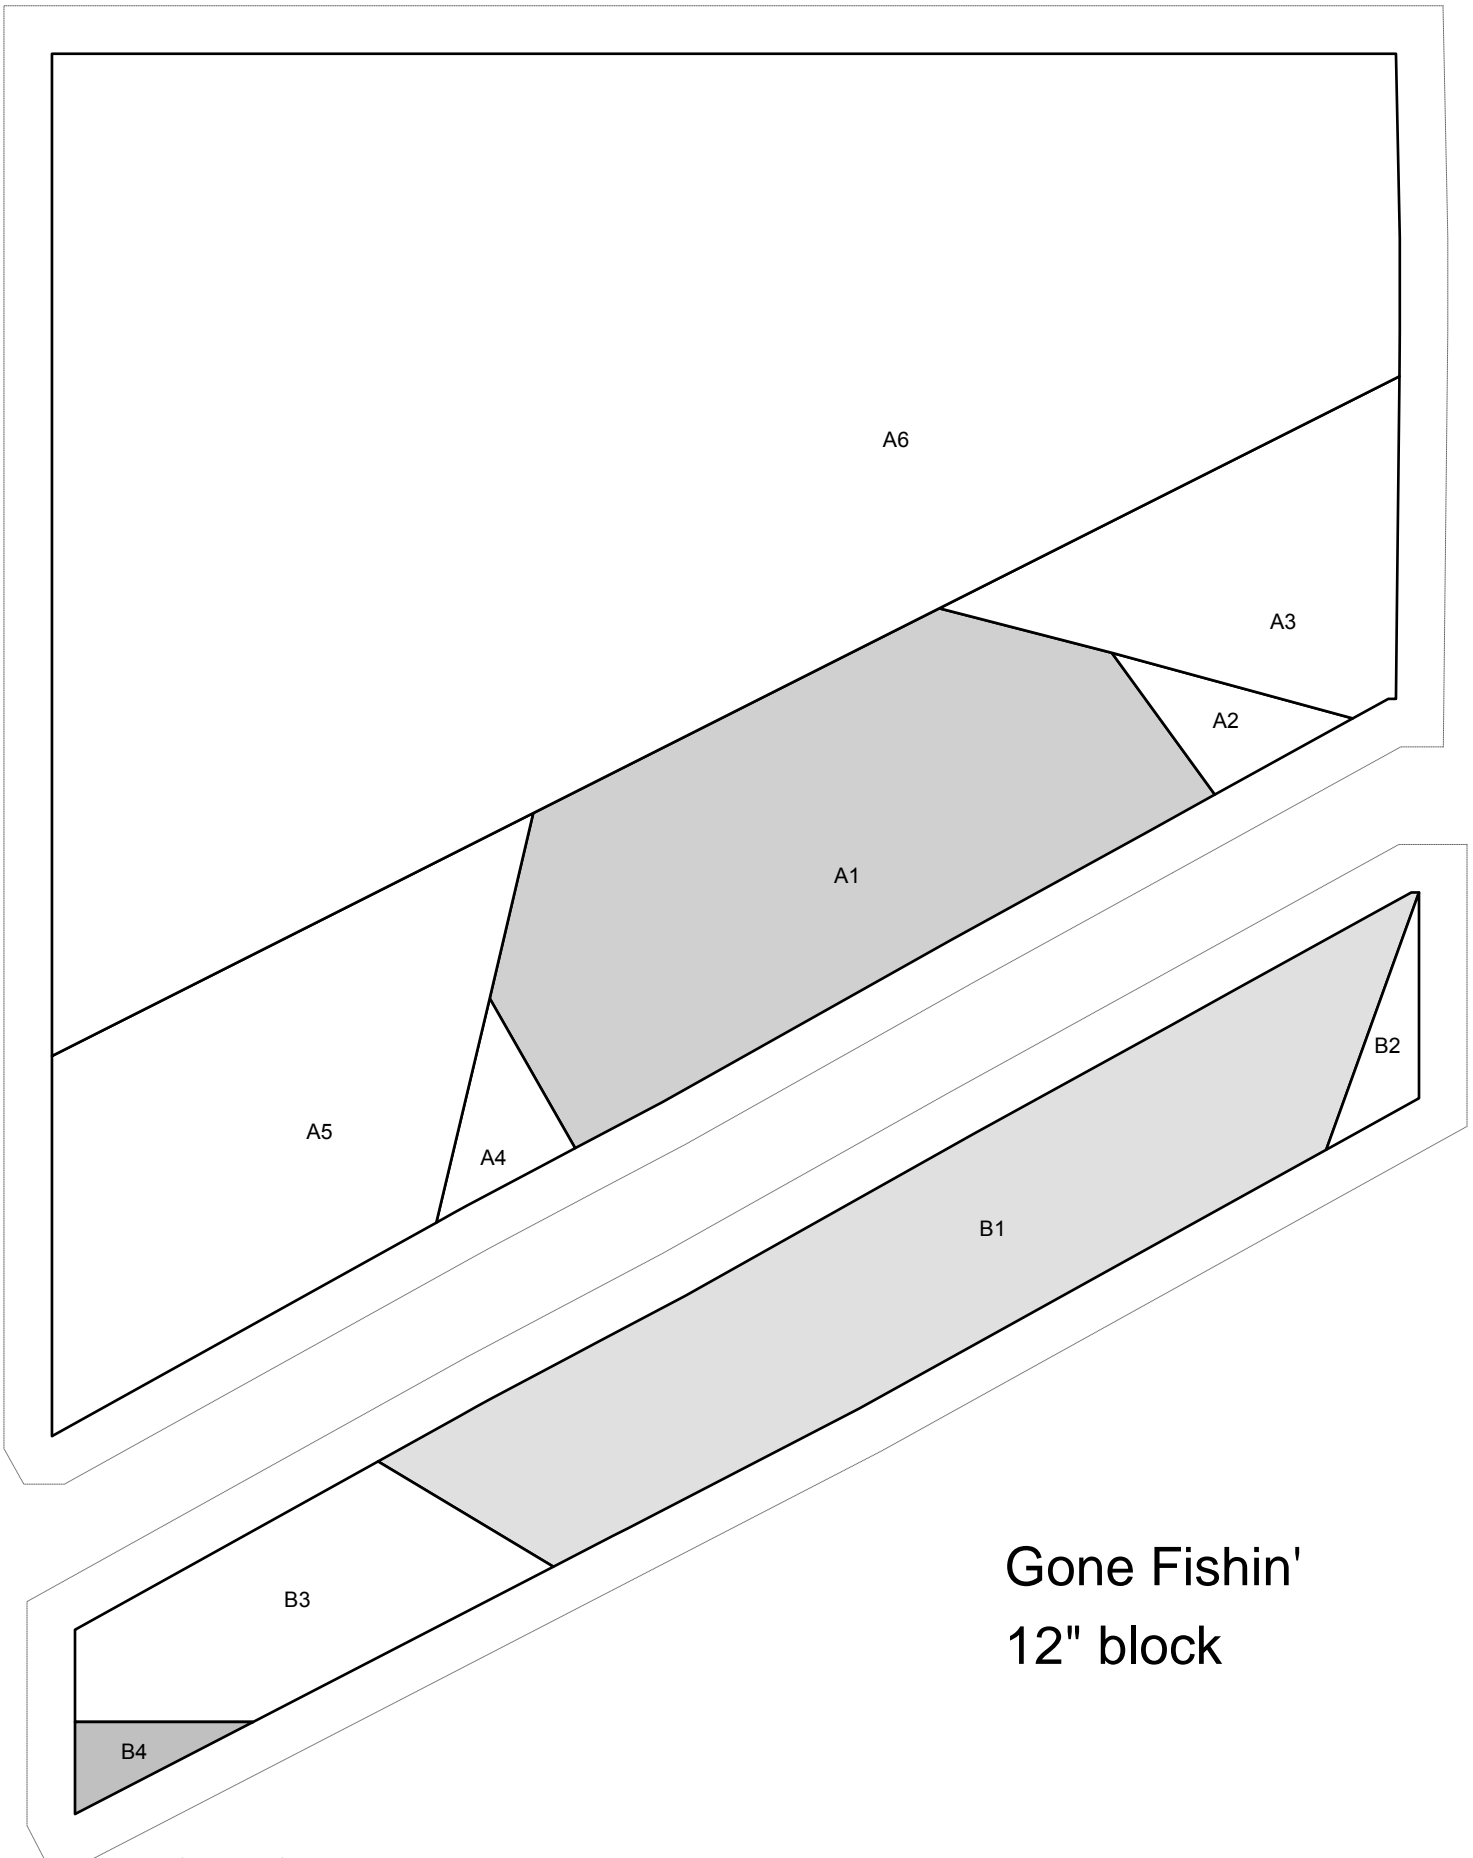

The line is embroidered.

Use buttons or a
googly eye for the
fish.
